

Mosquito Control Truck Spraying Scheduled for Rochelle Park

Bergen County Mosquito Control will be conducting an early morning ULV truck spray in Rochelle Park on **Friday, August 28, from 3:00 a.m. to 6:00 a.m.**

Bergen County Mosquito Control will use Duet adulticide to help eliminate active adult mosquitoes in the designated spray area.

As a precaution, residents are advised to keep windows closed during the spraying period.

A [fact sheet](#) with additional information about the materials being used is available for residents' reference.

Residents can view the [Rochelle Park Spray Area map](#) and the [Truck Spray Schedule](#) for additional details.
